

## Model 7050

### Bulk Sampling Scales

- **Piece Weight Computation**– Automatically calculates weight per piece to six decimal places in lb/pc, oz/pc, and kg/pc
- **Pieces Per Unit Weight Computation**– Automatically calculates number of pieces per unit weight to 999999.9 pc/lb, pc/kg
- **Counting**– Automatically counts pieces on the weight platform or on a remote scale, or compute count based on manual weight entry. Counting can be accomplished by sampling or manual entry of piece weight.
- **Print**– Pressing PRINT key sends all measured, computed and entered data including I.D. number to label printer.
- **Sampling**– Programmable preset or key entry up to 999

# Model 7050 Bulk Sampling Scales

## Features

The Model 7050 with Quartzell® digital transducer technology, produces the highest speed and resolution in the industry for USPS bulk mail users. Combining dot matrix alphanumeric display and a tactile keyboard, accurate and easy-to-read information is immediately available. The ability to sample and count from bulk lots increases productivity through piece counting of filled mail trays.

**Quartzell Technology**– Highest speed and resolution in the industry allows the most accurate computation

**Construction Die**– Cast aluminum enclosure and load bridge ensures long life

**Dot Matrix Backlit**– LCD Display Presentation of data is in alphanumeric format. Contrast is adjustable.

**Serial I/O Ports**– RS-232 for printer output

**Last transaction Memory**– Stores data from previous transaction for instant recall and review

**Control Keys**– 0-9 keypad plus decimal, Enter, Clear, Tare, Zero, Escape

**Soft Function Keys**– Sample, Manual Weight, Units, Pcwt, Pc/Lb, Recall, Remote Scale, I.D. Number, Print, Off

**Manual Data Entry**– Allows keypad manual entry of weight, tare, piece weight, pieces per unit weight and I.D. number

**Single Unit Weighing**– Can weigh individual pieces by 0.001 lb, 0.01 oz or 0.0005 kg

**Selectable Units of Measure**– lb, oz, kg, lb/oz

## Specifications

**Capacity (lb)**      **Capacity (lb / oz)**      **Capacity (kg)**  
0 - 50 lb x 0.001 lb    0 - 50 lb x 0.01 oz      0 -25 kg x 0.0005 kg

**Overall Dimensions**– 17" L x 14.1" W x 4.25" H  
432 mm (L) x 358 mm (W) x 108 mm (H)

**Power**– 117 VAC (+10% -15%), 60 Hz, standard wire ground

**Operating Environment**–

Temperature: 14° F to 104° F (-10° C to 40° C)

Relative Humidity: 10% to 90% (non-condensing)

**Shipping Weight**– 25 lb (11 kg)

## Options

**Label Printer**

a division of Avery Weigh-Tronix, LLC
